WATER LEVEL INDICATORS

Water level indicator with rounded cable, four copper wires, kevlar core and external anti-scratch protective film in transparent PUR.

Graduation in centimeters printed in black, with meter / decimeter indication.

- Graduation: 1 cm
- Rounded cable diameter: 5 mm
- Probe diameter: 10 mm, made of stainless steel and moulded rubber, with segmented weights for more flexibility (suitable also for small diameter piezometric holes)
- Acoustic signal and red LED indicate the water level
- External regulating screw for finer regulation
- 1x9V battery, with easy external access
- Optional removable hook for bailer
- Available lengths: from 30 to 500 m
